

App Being Review: _____How High Am I_____

Overall Comments:

App did not work. It crashed every time I tried to take a picture. Because of this I wasn't unable to give it a thorough review.

Response to Dev. Teams Wishes:

e.g. The dev team wanted me to look at this specific area. I did and my thoughts are...

The dev team didn't specify any specific areas they wanted me to look at.

Usage Problems/Concerns:

e.g. X didn't work. I thought Y would do this but instead if did this.

App does not work on my phone. When I try to take a picture the app crashes. I am using a nexus 6 with the latest API.

Bugs Found & How To Reproduce:

e.g. By doing XYZ, the app crashed. It gave me this error in Android Studio. (or I broke it and I'm sorry.) Be sure to let the dev team know what steps you took to cause the error and if possible what the error was.

App does not work on nexus 6 my phone. When I try to take a picture the app crashes.

Suggestions:

e.g. It'd be cool if your app did this as well.

I don't know. I didn't really get to see what the app does.
